2026
CONSTRUCTION-GRADE ERP
SINCE 1996

FOR CONTRACTORS · EDITION 2026

VERTICAL · 02 OF 06 · CONTRACTORS

Built for *contractors.* Tender to retention release.

The construction-grade ERP for **civil, MEP, infra and EPC contractors** — built around the eight stages of the contractor's day, from tender win through retention release. India · South Asia · GCC. Same platform, eight stages, one audit trail.

8 stages
TENDER · BOQ · WO · SUB-LET · PLANT · MB · RA BILL · RETENTION

100+
CONTRACTOR & INFRA FIRMS · INDIA + GCC

28 yrs
CONSTRUCTION-NATIVE · BUILT SINCE 1996

8-STAGE FLOW · 6 MODULES · 4 APPS · 2 PORTALS

GAMUT INFOSYSTEMS LTD.
INDIA · SOUTH ASIA · GCC

WHY GENERIC ERP BREAKS FOR CONTRACTORS

Depth that goes beyond *the tender.*

Construction ERPs that only cover contracting will fit you today. **They won't fit you in five years** — when you've expanded into development, plant, facilities, or the Gulf. And the global stack alternative — generic finance plus a scheduling tool plus an integrator — costs three times as much, takes three times as long, and still won't understand what an RA bill is.

▸ THE FARVISION ANSWER

A construction-native platform that *scales with where you grow* — contracting today, development and plant tomorrow, GCC the year after. *100+ contractors compounding alongside 900+ construction firms platform-wide. 300–400 advances every year.*

01

Built for the full chain.

Contracting today. Development, plant, facilities tomorrow. **Same platform, same vendor** — for whatever you grow into. Specialist contractor ERPs make you re-implement when you expand.

02

Deep where it matters.

266 Engineering functions. Sub-contractor billing, RA bills, MB → certification → bill → pay, retention, BG, plant utilisation. **Construction-native, audit-grade.**

03

GCC contracting · already proven.

Abu Dhabi contractors are running on Farvision. **VAT · Corporate Tax · WPS · DEWS · pre-built.** Dubai office since 2017. The Gulf opens when you're ready.

04

Agentic AI · trained on construction.

100+ contractors compounding alongside 900+ construction firms. **300–400 advances every year.** Doc-scan, RA bill drafting, sub-contractor anomaly detection. Acts, doesn't just answer.

PATH 1 · GLOBAL STACK

SAP + scheduling tool + integrator

- 18–24 month implementation · three vendors accountable
- Premium price · global brand
- Generic finance · no RA bill understanding
- Generic AI · zero construction context
- If you expand: re-implement

PATH 2 · SPECIALIST CONTRACTOR ERP

Construction-only, contractor-only

- Quick start · narrow scope
- Mid-tier price · construction depth
- Built for RA bills
- Limited or no AI
- If you expand: outgrow it, buy a second platform

PATH 3 · THE FARVISION PATH

Construction-native platform · scales with you

- Live in months · one vendor accountable
- Best value · platform depth
- Built for RA bills + full value chain
- Agentic AI · 100+ contractors + 900+ platform-wide · 300–400/yr
- If you expand: same platform · India + GCC

▸ **The proof —** *some contractors tried the global stack. Some tried specialist ERPs. They came back. The reason was always architecture — they outgrew the specialist or got tired of paying for the global brand.*

END-TO-END CONTRACTOR FLOW

One platform, eight stages.
Tender to retention release.

The end-to-end **contractor flow** on Farvision — eight stages, six modules underneath, four apps and two portals on top. Same database from the day you win the tender to the day retention is released.

▸ THE 6 MODULES · THE 4 APPS · THE 2 PORTALS

CORE MODULES · 6

- **Engineering** · 266 functions · BOQ · WO · MB · certification · RA bill
- **Financials** · GL · AP · AR · 269 reports · retention · BG ledger
- **Business Development** · Tender · prequalification · bid
- **Materials & P2P** · Indent · PO · GRN · site stores · transfers
- **CRM** · Client comms · variations · queries · disputes
- **Employee Life Cycle** · HR · payroll · attendance · labour

APPS & PORTALS FOR CONTRACTORS · 6

- **Project & QC App** · Site quality · MB capture · gravity-fed
- **Stores App** · GRN · transfers · indent at site
- **Cockpit App** · Executive dashboard · live project P&L
- **Employee Hub** · Attendance · payroll · expenses
- **Vendor Portal** · Sub-contractor POs · invoices · payments
- **Employee Portal** · Self-service · leaves · documents

▸ RESULT

One database, one audit trail, one vendor. Tender · BOQ · WO · sub-let · MB · RA bill · retention — all reconciled. Listed infra contractors in India · government-cleared contractors in Abu Dhabi. From Mumbai metros to Nagpur highways to Vadodara bridges to Abu Dhabi military camps.

INDIA · PRE-BUILT FOR CONTRACTORS

- GST · GSTR-1 · 3B
- TDS · 26Q · Form 16A
- Retention · BG ledger
- RA bill GST workflow
- e-Invoicing · IRN
- EPF · ESI · PT · LWF

GCC · PRE-BUILT FOR CONTRACTORS

- VAT 5% · FTA
- e-Invoicing · Phase 2
- DEWS · GPSSA · EOSB
- Corporate Tax 9%
- WPS · payroll cycle
- RA bill VAT workflow

THE NUMBERS BEHIND THE CONTRACTOR PLATFORM

The credentials that matter for contractors

- **RA bill cycle built in** · MB → certification → RA bill → GST/VAT → retention ledger → release. Not a workflow you assemble — a workflow that ships.
- **India + GCC contracting on the platform** · Listed infra contractors in India. Government-cleared contractors in Abu Dhabi. India HQ since 1996, Dubai office since 2017.
- **NSDL Suvidha provider since July 2017** · Direct e-filing for GST returns. Direct, not via aggregators.
- **4-day FY close · 269 reports built-in** · Audit-grade out of the box. Sub-contractor ageing, plant utilisation, project P&L all reconciled in the same run.

TECH · 01
Agentic AI · domain-trained
Acts, doesn't just answer. Trained on construction. Compounds with every customer.

TECH · 02
Power BI dashboards
Built on a dedicated data warehouse. Standard exec views, drill-through to GL.

TECH · 03
Mobile-first
10 mobile apps · 5 web portals · iOS & Android · live to HQ.

TECH · 04
Cloud-native
Hosted, managed, scaled · with APIs to whatever else you run.

▸ THREE WAYS TO ENGAGE
